Pan-American Trade Delegates Guests At California Nursery

George C. Roeding Will Be Luncheon Host on Saturday

Delegates of the Pan-American Reciprocal Trade conference will be guests of George Roeding at the California Nursery Saturdaay, August 16, and will be escorted through the nursery grounds on a tour of inspection. They will view acres of land devoted to the raising of flowers and shrubs, and will visit the various propogating houses. Later Mr. Roeding and his assistants will be hosts at a luncheon which is to be given at the nursery.

The Pan-American Reciprocal Trade conference resulted from a number of direct contributing factors. A proposal originated at a meeting last year between two trade representatives of the Sacramento Region Citizens Council and Mario Estrada, agricultural engineer. These representatives had been sent to South America to study possibilities of increasing markets for certain commodities. Each country visited was asked to send a similar delegation to Northern countries. Estrada suggested a conference the purpose of which was to allow all American countries to "get together" at once. One of the most forceful contributing agents has been the Hon. Juan Carlos Godoy, Consul General of Argentina in San Francisco, who through his official public statements has spread the gospel of reciprocity.

Purpose

To stimulate trade and development of closer relationship among farm, civic and business leaders is the purpose of the conference. Speaking freely, conference sponsors believe that many vexatious trade problems may be solved. Since the character of the conference is unofficial, delegates will be allowed to discuss any

ANTONE BROWN IS CLAIMED BY DEATH AT NEWARK MONDAY

Funeral Services Are Held At St. Edward's Church

Antone Brown, well known in this community and for many years a resident of Irvington, passed away Monday morning at his home in Newark after suffering from a lingering illness.

Funeral services are to be conducted from St. Edward's Catholic church in Newark with Father Bray officiating. The remains will be interred in a local cemetery.

Brown is survived by three married daughters, and several more distant relatives living in various parts of California. He was fifty-six years of age at time of passing. For the past several years he resided in Newark, and before that he was a rancher at Irvington.

Funeral arrangements were under the direction of F. F. Botelho, of Centerville.

Mrs. Fern Mitte Visits Rebekahs at Pleasanton

Mrs. Ferne Mitte, district deputy president of the Rebekahs, made her official visit to Pleasanton chapter of the order Monday night. She was accompanied by the Grand Marshall Ethel Fournier and an escort team composed of the following Rebekahs: Lucetta Kearns, Edith Rose, Rose Schneider, Rose Mezza, Catherine Plumb and Martha Roland.

A regular meeting was held at Pleasanton, and after business was dispatched visiting Rebekahs gave short talks. Later refreshments were served by a committee appointed for the purpose.

HIT RUN DRIVER CAUSES ACCIDENT HERE ON MONDAY

Woman Loses Eye When Automobile Turns Turtle

Mr. and Mrs. Cardo Nardini of Mt. View received serious injuries Monday by being crushed beneath their automobile which overturned when struck by a hit-run driver near Alvarado. They were taken to Centerville immediately where Dr. Ormsby attended them.

Mrs. Nardini lost her left eye and her husband sustained a fractured shoulder. Marie Traberso, 16, and her sister, Emma, 12, nieces, received bruises. Officials in charge of investigation are looking for a green colored sedan which is sought as the one belonging to the hit-run-driver.

SCHUCKL CANNERY PRODUCES 70,000 CASES OF PEACHES

J. E. Townsend, of the Niles branch of the Schuckl Cannery Company reports that up to date 70,000 cases of peaches had been turned out at the local plant. Right now 470 cannery workers are employed and the establishment is under full production.

So far the plant has been operating for five weeks on the peach crop, and it is expected that another six weeks will see the completion of the run. Next in the canning line will be fruit salads. Peaches used in the present run have been brought from the Yuba district which takes in parts of Yuba, Sutter, Butte and Colusa counties.

WESTERN PACIFIC EXTENSION IS RECOMMENDED

Western Pacific railroad extension line which has been proposed, and which is to be instituted between Niles and San Francisco by way of Redwood City will be of great benefit to Utah as well as California, stated Harry M. Adams in a recent interview.

Mr. Adams, president of the Western Pacific company, as well as other company officials, is very well pleased over the favorable recommentation of the Niles-San Francisco line submitted to the Interstate Commerce commission.

Expenditures in connection with the proposed line includes $8,000,000 and involves construction of forty miles of railroad.

R. N. MOORE SELLS HAYWARD REVIEW TO HOOPER BROS.

R. N. Moore, for five years publisher of the Hayward Review, sold his newspaper this week to John J. Hooper and K. K. Hooper, formerly of Los Angeles, who are editor and business manager respectively. As yet Mr. Moore has not revealed any plans for the future, but it is believed that he will remain in Hayward even though he is no longer connected with the Review.

Mr. Hooper stated that he hoped to carry on the work started by Mr. Moore in making the Review a newspaper of which any community might be proud.

Edward Crane, of San Francisco, is a guest at the home of Mr. and Mrs. J. C. Shinn, this week.

Register to Issue Special High School Edition Next Week

Commemorating Erection Of New Gymnasium And Anniversary

The Township Register will issue a special section next week commemorating the completion of the new $80,000 gymnasium to the Washington Union High School plant, which is one of the finest units in the county. The section will be devoted exclusively to the high school, and much valuable material relative to the school, its operation and management, scope of facilities and other information is being compiled. Principal E. B. Hodges is assisting the Register in assembling this data.

Mr. Hodges, one of the best known school executives in the state, is getting matters ready for the opening of the fall semester Tuesday, September 2, and indications are that one of the largest enrollments in the history of the school will be on hand at the opening. The school is entering its fortith year this term, and in the special issue next week will be a brief resume of the school's history, with pictures of the first, second and third, (the present) school buildings. The school started in the attic of the old Masonic building, in Centerville in 1891, and has had a phenominal growth, consistent with the progress of the community.

Schools are the first consideration of prospective settlers, those expecting to locate in any community, and often the decision to purchase a home or not is a result of a survey of the community's school facilities. The citizens of Washington Township are proud of this high school, and justly so, for it is one of the best in Alameda county and rates first in its accrediting system with our universities

Subscribers to the Register will want several copies of this edition to mail to friends and relatives, and those desiring additional copies should leave their order at the Register office—phone 23—before Monday, 5 p. m., August 25. Copies will be sold for the nominal fee of five cents each.

GRASS FIRE CAUSE OF NILES ALARM MONDAY AFTERNOON

Firemen Quick to Respond When Siren Gives Warning

A fire on the Mission San Jose highway was reported to the Niles Fire Department Monday afternoon at 2:45 and members of the local unit responded to the alarm immediately. The fire in question was bordering on the Southern Pacific railroad tracks east of Niles, and when firemen arrived they discovered it to be a small grass fire which was well under control.

No safety measures were taken to stop the fire as it was impossible for it to cross the tracks and endanger any other property adjoining. The alarm was sent in to the local telephone office by an official of the Pacific Gas and Electric company who was traveling through Niles on his way to San Francisco. His identity is unknown other than that already stated.

Rinaldo Cozzi and Ray Peterson were the first to answer the alarm, the former driving the truck with the fire fighting equipment.

Local Barber Attends Hotel Oakland Meeting

Mr. and Mrs. Owen Swainson attended a get together meeting and haircutting, finger waving demonstration at Hotel Oakland Tuesday evening. The program for the evening was under direct supervision of Mr. and Mrs. A. Beckwith, of the Ann-Art Beauty shop.

This affair was held for the benefit of East Bay Cosmetologists, and a great number of them were in attendence.

Welfare Board Adopts New Money Regulation for Units

At a regular meeting of the Board of Directors of the Children's Department of the Southern Alameda County Welfare league Thursday at the Niles public library, a new regulation was adopted concerning the handling of money by the ways and means committees of the various townships. In the future each township chairman will handle and bank all money that accrues in the individual territory, and once a month will send a check for the amount to Mrs. Lulu Boyd Stevens at Hayward; this money to go toward the support of the children's departtment.

According to the recent report Eden township supplies 73% of the total of cases presented and therefore naturally assumes the bulk of expenses. At present there are ninety-five children being taken care of in welfare homes, private homes and foster homes. Four townships are covered by welfare workers; they are Eden, Livermore, Pleasanton, and Washington. A new budget is being made up for the coming year and will be ready for publication at an early date.

At this meeting Thorton Wilson, popular candidate for superior judge, represented the Alameda Council public Welfare league, and discussed several cases he has handled. He put special emphasis on the Croeter case which was settled some time ago when it was determined that fathers of illegitimate children can be held responsible for their welfare, and in this case establishing a precedent.

Mrs. Walter Flieri handed in her resignation stating that her business obligations made it impossible for her to devote the

Niles Chamber Will Resume Business Meetings Next Month

Reclamation of Highway Strip Near Niles First Issue

When the Niles Chamber of Commerce resumes its business meetings next month one of the first problems to be given attention will be that of the strip of land between the old and new highways near the Belvoir hotel grounds.

Unless steps are taken to improve this ground, which is about a quarter of a mile in length, it is feared that it will become a camping place for Gypsies and tramps. A communication was recently received by the Chamber from the State Highway commission to the effect that aid from that source could not be expected. An understanding has been reached, however, that this department will be appealed to again and aid in some manner sought on the ground that the state is responsible for the existing condition here.

George Roeding, representing the California Nursery, has very generously offered a contribution of plants and shrubs to the value of $1,000, to aid the Niles Chamber in any plans for beautification it may make. This alone would be a great advancement toward reclamation even if state aid were not forthcoming.

An announcement was also made that if all else fails, and there is no further hope of reclaiming the strip of ground, the California Nursery company itself will make an attempt to find ways and means of concluding the issue in an entirely satisfactory manner.

President L. E. Smith stated that he fully expected the chamber to be kept busy with various important problems for a month after the first open meeting in September.

FAMILY REUNION

A family reunion was held at the home of Mr. and Mrs. M. L. Fournier Sunday, and a large group of relatives were present. They were Mr. and Mrs. John Noce, and son Jack, of Sutter Creek, Amador county; Mr. and Mrs. R. W. Bennett, and children, of Oakland; Dr. and Mrs. R. H. Bennett and family of Niles, and Mrs. M. A. Stribley, of Berkeley.

The party spent a most enjoyable day here, and Mr. and Mrs. Fournier were hosts at a dinner for them.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

AN OPEN LETTER

Raymond Service,
80 East Eleventh street,
New York, N. Y.

I have your card and proof sheet of mat captioned "Queen Mary Defies that Future Shadow." Your suggestion that you will mail this mat to me "free" is most liberal on your part. I am really surprised at your generosity. It is good to know that yet in money-mad America there is a great publicity department with such unselfish motives behind its management. Doubtless you are rendering a great service to the social uplift of America's young womanhood.

That is, indeed, a beautiful picture of Queen Mary in her crown studded with diamonds and with her neck almost hidden under priceless pearls. Of course we have all forgotten that the founders of this great nation of ours were opposed to crowns. But that is neither here nor there. Our daughters, you know, will be delighted to see this picture of the queen printed in our paper. But they will be more delighted and thrilled, we are sure, to learn that she smokes cigarettes. That should encourage the more timid girls in our neighborhood to begin this lofty habit. And to think you are willing to send me this picture with the story with it, all free, not even charging me the postage. Again we remark upon your extreme liberality.

We are sure that you must have made one mistake in preparing this little story about the royal cigarette smoker. The brand she uses is not mentioned. This was a very serious slip. Of course the girls want to know whether Her Majesty smokes Lucky Strikes, Camels or what not. There is a lot in that. Some brands you can't extract a cough out of a carload (though one gets many regrets). Others will make a plump girl slender. It is really a wonderful thing—this weed.

We congratulate you upon securing the endorsement of the English queen to the cigarette habit among women and girls. You have made a great success—in your line. Amhauser Busch, of St. Louis, made a great success in his line. The Devil has made even a greater success in his line.

So the queen of that mighty empire becomes an advertisement for cigarettes. Britons should indeed be proud of that. Americans may well expect to see the royal lady on the bill boards lining our highways placidly smoking a "fag."

How elevating. How inspiring. What a divine example for the girls of America and the world!

Again, gentlemen, we marvel at your disinterested and liberal attitude; but, believe us, in the hereafter you will get your just reward.

May the Devil parade you around hell on a pitchfork.

Very truly yours,
NORMAN H. PARKS.

WHO WILL DOUBT HIS COURAGE?

The fact that Becker, late sheriff of Alameda county, is now in the penitentiary, which drear institution would not be his habitation had he not been elected sheriff four years ago, seems not to deter the aspirations of many to enter the same tempting atmosphere. There are some five or six candidates who are making a very strenuous attempt to emulate the moth and the flame. Of course, public officials rarely break into jail, though the regularity with which they have been doing so in Alameda county lately is rather disconcerting.

But as long as they will fly to distruction, the Register feels that it must make some sort of a choice. Now, we have nothing against Driver. We don't want to see him go to jail. He is a nice man. He reminds us somewhat of other days when men were men, and the women did the washing. In those good old days, the regal male strode down the street twisting his mustache, in a manner that always was an envy in our adolescent period. A mustache was a wonderful thing—a badge of virile manhood. A lip devoid of a hirsute appendage at twenty or over was a weak lip, and the bearer of such a lip had no place in the council of men. So we are for Driver for sheriff as one of the

MRS. MATKOVICH WRITES LETTER TO REGISTER

TUESDAY the Township Register received a letter from Mrs. A. J. Matkovich of Crested Butte, Colorado, requesting a copy of the special edition published by this paper on May 29.

Mrs. Matkovich is the former Miss Lena M. Shinnick who was health nurse for this district for some time. In her letter she sent her good wishes to all of her friends here. She also stated that she desired the Register for it carried news of all the township and that she was interested in any local improvement plans and especially in the new Memorial building.

ODD FELLOWS TO SPONSOR GOOD TIME AUGUST 27th

A regular meeting of the local Odd Fellows was held Monday night, and the business of the evening was a discussion dealing with a celebration and general get-together event which is to be held in Pleasanton on August 27.

All lodges of the order in the surrounding communities are to be represented at this affair and each one will sponsor a stunt of some kind to aid in the program of amusement for the evening entertainment.

Degrees will be conferred upon candidates at this meetng and after this business is dispatched the social part of the evening will begin. This affair is anticipated with much keen delight by the members of the various lodges and plans are being made with much enthusiasm.

COOPER RESIGNS POSITION WITH SPRING VALLEY

D. W. Cooper has resigned his possition as auditor of the Spring Valley Water company to become auditor of the California Almond Growers Exchange according to an announcement made heretoday by T. C. Tucker, manager of the exchange.

This will be the second position ever held by Mr. Cooper, who for nineteen years has been connected with the auditing department of the Water Company. Mr. Cooper succeeds the late Otto Hagel, who was connected with the auditing department of the Almond Growers Exchange for over a decade.

Kennedy Asks For . . . Reelection
(Incumbent)

LOUIS J. KENNEDY, present county assessor, and candidate to succeed himself, was born and raised in Oakland and is now a resident of the Lake district.

As a lad he attended the public schools of Oakland and graduated from the Oakland High School in 1899 but during his high school career, he missed several terms as he was anxious to see the world and followed the sea, traveling to many points on the Pacific Ocean.

He also worked during vacations as a machinist helper and afterwards dynamo tender with the Oakland Gas, Light and Heat Company. This work he continued while attending the University of California.

Always an athlete and baseball player, after leaving college, he played professional baseball for a while, but finally settled down to the practice of his profession, that of civil engineer in railway service.

After a few years he took up the valuation and assessment of realty, which has had his constant attention for the past twenty-two years—for the last nine years as assessor of Alameda county.

His length of residence in the community and his training in the hard schools of life and his technical knowledge fit him for the office he now holds and it is the hope of his friends that he will be returned to the position at the coming election.

To his deputy in Washington Township, Emanuel George, he is greatly indebted for the knowledge he has acquired in the appraisal of county lands.

There is one man in every State that can serve all of its people best . . .

JAMES ROLPH, JR.,
is a true representative of the spirit of California.

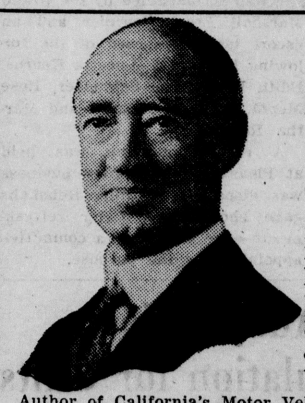
James Rolph, Jr., has reflected the highest credit upon the community of which he has been the Mayor for nearly twenty years.

James Rolph, Jr., is exceptionally well equipped to foster and expand the affection that the people of all the other States entertain for California.

James Rolph, Jr., interprets correctly and accurately the ideals and impulses of the people of California.

James Rolph, Jr., better than any other man, can break down what remains of the sectional prejudices in California, which he has constantly striven to abate.

James Rolph, Jr., is California born and raised, and in the twenty years of his public service he has built up a record of achievement that qualifies him as the one man that can best serve all the people of California.



Re-elect
State Senator
ARTHUR H. BREED
16th SENATORIAL DISTRICT

YOUR ICE COMPANY

...A HOME INDUSTRY SERVING YOUR HOME

When you use ice in a modern refrigerator to safeguard foods in your home, it is primarily because you recognize ice as the best refrigerant. You consider the advantages of fresh, pure foods and crisp vegetables, all kept at their best by the safe circulating cold—neither too damp nor too dry—that only ice can give. You are pleased by the fact that ice refrigeration is so inexpensive. And because you would naturally choose ice from the standpoint of economy and efficiency alone, it is doubly a satisfaction to know that your ice company is a home industry — a definite factor of prosperity in your own community. The men who make and deliver your ice spend their earnings and maintain their homes right here in your own state.

©CAII-1930 30-27

Scientific modern ice refrigerators are priced as low as $25 to $65. Why pay more—when extravagant Eastern-built substitutes take money from your district and out of your state. Phone today for particulars.

PROGRESS NECESSARY TO PROSPERITY OF RAILROAD LINE

Reasons why the present and future public convenience and necessity require the construction of the connecting railroad between San Francisco and Niles are stated by the Western Pacific California Railroad Company as follows:

It will immediately provide the Western Pacific with a through all-rail line into San Francisco via Niles and Redwood City, thereby being of great benefit to San Francisco and the other territory to be traversed and also to the Western Pacific by reason of the traffic and other advantages that will result therefrom. It will create a new and competitive all-rail route to and from San Francisco and the cities of the Peninsula. It will remove the handicap to the expansion of the transportation facilities of these cities and territory to be served, and consequently to their development, which has existed for many years due to the fact that access to San Francisco by land is monopolized by the Southern Pacific.

As long as all-rail entry to San Francisco is controlled by a single carrier, San Francisco may be said to be served by only one railroad in the full sense of the word. On account of the nearness of its main line to the San Francisco Peninsula, the Western Pacific affords the most feasible means by which this situation may be remedied and this will be accomplished if its proposed connecting line between San Francisco and Niles is permitted to be constructed.

The plans of the Great Northern Railway for making a connection with the Western Pacific in Northern California, which are involved in the Great Northern-Western Pacific project now before the Interstate Commerce Commission, add very much to the necessity for the construction of the new line between San Francisco and Niles and will greatly enhance its value to the community to be served and to the Western Pacific.

Farm Adviser In Tour of Pear Orchards

Experts Approve Method Of Improving Fruit

Farm Adviser T. O. Morrison, of Hayward, was recently informed by experts following an all-day survey that remarkable progress has been made throughout Southern Alameda county in reduction of the apple-shaped pears.

A tour through representative orchards was conducted by Morrison, Frank Sweet, president of the California Pear Growers Association; Dr. W. H. Chandler, head of the division of pomology at University of California; and Professor Ralph E. Smith, plant pathologist, also of the university.

Experts were unanimous in approving of methods adopted in the country to reduce the total of malformed fruit, according to Morrison.

This tour of inspection was carried through Alameda county into Santa Clara county where conditions were found most favorable. Control of apple-shaped pears will be a major horticultural feat for this county during the coming seasons, with attention directed mostly toward improved methods of pruning.

Today's Scripture LESSON

By Rev. John R. Stevenson

O the depth of the riches both of the wisdom and knowledge of God! How unsearchable are His judgements, and his way past inding out!—Rom.XI:33.

No star is ever lost we once have seen,
We always may be what we might have been.
Since Good, though only thought, has life and breath,
God's life—can always be redeemed from death;
And evil, in its nature, is decay,
And any hour can blot it all away;
The hopes that lost in some far distance seem,
May be the truer life, and this the dream.

—A. A. Procter.

Pleasanton Road Given Attention By Supervisors

Widening and oiling of the Happy Valley road known as Sycamore avenue, below the cemeteries at Pleasanton was begun this week. This road has been in bad shape for many months and following complaints made by the Alisal Improvement club the county finally agreed to repair the road.

The other section of the Happy Valley highway has been repaired and is now reported to be in good shape.

PLEASANTON GIRL IS MARRIED TO JOSEPH KELLY

Wedding Is One of Most Brilliant of Any Ever Held In Pleasanton

At a nuptial mass conducted in St. Augustine's Catholic Church at Pleasanton Tuesday morning, Miss Mary Schween, daughter of Mr. and Mrs. Charles H. Schween, of that city, became the bride of Joseph A. Kelly, of Martinez. The wedding ceremony was performed by the Rev. Father Timothy Galvin, pastor of the church.

The church was decorated with gladiolas and dahlias in pastel shades. There were ferns, redwoods, fir and huckleberry greens in the decorations which were given by the Catholic Daughters in compliment to the bride. There were many candles,, beautiful gold lace and rich embroidered linens.

The hall and tables were decorated with pink gladiolas and ferns except the bride's table, in pink and white roses.

Mrs. Wm J. Kelly was the matron of honor and Miss Alice Schween the bridesmaid. Sylvester Kelly was the best man. Wm. J. Kelly and Ernest Schween were the ushers.

The bride was dressed in white satin, a long veil fastened around the head with orange blossoms. Mrs. Wm. J. Kelly was dressed in a delicate pink net over satin. She wore a large picture hat with ribbon trimmings, and carried a boquet of roses, delphiniums, gladiolas and ferns. Miss Alice Schween was dressed in orchid and wore a large picture hat with ribons, carrying a booquet of asters, gladiolas, cabiosas and ferns.

During mass special music was rendered by Oskar Schreiber, violinist, with Mrs. Frank C. Nevis at the organ.

Following the ceremony a wedding breakfast was served at the Parish Hall on Rose avenue.

After a brief wedding trip the couple will be at home to their friends in Martinez.

CENTERVILLE TO OPEN SEASON ON SEPTEMBER 1

Local Members Challenge All Township Quoit Champions

An announcement has been made that volleyball practice will be started at the Centerville Athletic Club. Later in the fall the local teams will play East Bay units Although not known for certain it is believed that the first series for Centerville will be played with the Hayward Merchants.

September 1 is the date set for the celebration and barbecue of the club which is to establish the opening of the fall season. Plans for this afafir are extensive and a most enjoyable time is anticipated.

Another announcement was made to the effect that George Mathiesen and Frank Madruga, members of the club, have issued an open challenge to all comers who care to participate in the popular game of horseshoes. They claim they are local champions and are willing to defend their title against any one in the township.

SCHOOL RAZED

Sunday Mrs. Elsie Madruga visited the old Stoneybrook school house where she taught pupils for the first time seventeen years ago. School officials informed her that if she wanted to see it before it was razed she should call immediately.

When Mrs. Madruga took the school there were eighteen pupils and since then the number has shrunk to five. These children in the future will be transferred to the Sunol Grammar school or the school in Palomares canyon.

Football Call For Washington High Players

A FOOTBALL CALL for all players of Washington Union High School has been sent out by Coach Jesse W. Regli, and he has announced that football suits will be issued on Monday, August 25, at 2 o'clock in the afternoon. Mr. Regli stated also that only forty-five men could be equipped so those desiring suits should be at the high school on time. It is hoped by the coach and other faculty members that each boy will make the team this year and aid in bringing victory home to Washington.

Following is the schadule for football practice, which is to begin before the opening of the fall semester at the school:

The schedule goes into effect on Monday, August 25, with practice between the hours of 3 and 5 p. m. This is carried out exactly in the succeeding days, Monday to Friday inclusive; Saturday, Sunday and Monday, August 30 to September 1 being vacation, with practice being resumed on Tuesday, September 2, the opening of the semester.

LETTERS SENT TO TEACHERS AND FRESHMEN OF W. U. H. S.

Letters have been sent to teachers and to the freshmen of the Washington Union High School carrying an anouncement that school will open Tuesday, September 2. All students who can should register at the school building on the afternoon of August 28, and all day August 29. In doing so much confusion and delay, as well as inconvenience, will be avoided for students and teachers, and will make it much easier for freshmen who are attending the high school for the first time.

BUS CONTRACTS ARE AWARDED BY BOARD OF TRUSTEES FOR ENSUING SCHOOL SEMESTER

C. T. Hamer To Have Dublin Run and John Trimingham will Have Sunol Section

At a meeting of the Board of Trustees of the Amador Valley Joint Union High School held last Friday afternoon, C. T. Hamer of this city, was awarded a contract to transport pupils from the high school near Pleasanton to the Murray school house in Dublin. He will receive $10 a day for his services.

John Trimingham, of Sunol, was awarded a contract to transport high school students living in the Sunol school district to the high school. Trimingham's contract calls for the payment of $5.00 per day per pupil.

There was but one bid presented for each proposal.

The high school is scheduled to open August 18. The Pleasanton Grammar School will resume its winter term at the same time.

Calling cards and business cards process engraved at slightly higher rates than paid for plain printing. See the Register's sample book.

New Chief of Police City Judge Are Named By Pleasanton Council

Wm. T. Davis Succeeds Bert W. Bennett As Head Of Police Department, When Latter Resigns Position; Chas. A. Gale Takes Bench Vacated By Davis; Antone Peterson Is Named Temporary Nightwatchman as Schmidt's Resignation Is Accepted by Council

After holding office as Chief of Police of Pleasanton for the last five years, Bert W. Bennett tendered his resignation to the city council at its regular meeting held Monday night. Prior to his appointment as chief of police of Pleasanton, Bennett served as a guard at San Quentin prison. He has been a resident of this section of the state for many years.

Wm. T. Davis, for the past ten years judge of the Pleasanton city court, was appointed to the office left vacant by Bennett's resignation. Attorney Chas. A. Gale was chosen by council to fill the office of the city judge.

Councilman Thomas Orloff, chairman of the police committee reported that Fred Schmidt, for some time past, nightwatchman, had tendered his resignation, and that Orloff had temporarily appointed Antone Peterson to fill that position until a permanent appointment could be made. Orloff's action was ratified by council.

The report of Dr. J. Hal Cope, health officer, showed that "the Milk inspector reports a much better bacterial count during the month." The report also showed that there were seven reportable cases, no quarantinable cases and that the health officer had adjusted two complaints.

Engineer To Have Vacation

City Engineer Hugh Sinclair was granted a two weeks' vacation by the council.

Councilman Randolph Apperson brought up the matter of having duplicate keys to all the doors in the city hall building, including the library and rooms of the Woman's Improvement Club.

COMMITTEE HOLDS SESSION ON HETCH HETCHY EXPLOSION

While a special committee appointed by Gov. C. C. Young to determine cause of the fatal explosion in two of the Hetch Hetchy tunnels is in session in San Francisco engineers are carrying on experiments with "permissible" equipment with which they may continue work in the bores without danger to life.

Though horses and mules are considered to be "permissible" motive power, C. R. Rankin, district engineer, is still undicided as to which is the most efficient. Both are now in use.

Work in the bores is progressing from four portals and shafts and all precautions are being taken to prevent future fatalities from gas explosions. Tests of gas by crews on duty at all hours in the various bores are being made constantly. Observations are made with safety lamps. Their orders are to report gas, regardless of how faint it may be, immediately upon discovery and to order all workers out of the bore until fumes have been driven from tunnels by ventilator fans and compressed air lines.

Work started on Weed-Klamath road.

Show Washington Township you can afford to advertise.

LIONS HEAR HOSPITAL PROPOSALS

Support of Club for Project Is Anticipated In Pleasanton

SIGNS ARE DISCUSSED

Highway Markings Prove Very Unsatisfactory to Members

Support of the proposed Three Link Community Hospital for Pleasanton by the Lions club of that city is anticipated by those interested in the project following the meeting of the club Tuesday evening at Ratti's restaurant at which time the project was outlined to the Lions.

No action of any kind was taken by the Lions, but in view of the fact that the procuring of a hospital here has been mentioned several times by individual members of the club, it is thought that favorable action will be taken in the near future.

Drs. J. Hal Cope and M. E. Eastman, both practicing physicians and surgeons of Pleasanton, spoke before the club in favor of the project. Roy D. Emerson, of the financing organization, outlined the proposed method of raising funds for the hospital.

Emerson did not ask support of the Lions club in his talk, he related the facts concerning the project and let it rest upon its own merits as seen by the members of the club.

Signs Discussed

Further discussion of highway signs for Pleasanton was aroused by Jack Taylor when he brought out that Pleasanton is not mentioned on the signs put up by the automobile clubs. At one point on the highway leading directly through Pleasanton the information on the signs begin with the first town beyond Pleasanton, Sunol, to be exact.

Further pressure is to be brought to bear by the club to see that Pleasanton receives proper recognition in this respect.

The matter of having the Pleasanton-Livermore road made a stop highway where it intersects the Pleasanton-Santa Rita road was considered further.

W. H. Osborn, of Oakland, connected with the Society for the Prevention of Cruelty to Animals, gave an interesting talk and showed pictures on a small screen erected for the purpose, of the work of humane treatment for suffering dumb creatures.

PLEASANTON NOW SHOWS PROGRESS DURING MONTH

Marked Improvement Seen by Time Next Report September 1

Marked improvement was shown in Pleasanton's finances at the close of business July 31, according to the report of the city clerk C. Letham, before council Monday night. While the expenses of running the city were above the receipts, expenditures were cut greatly in proporion to previous months.

The cash balance in the hands of the city treasurer, T. H. Silver, was shown to be $3,765.73 on July 31. The balance as of July 1 was $4,701.68. The warrants issued by council for payment in July were $2,406.45 against less than a thousand dollars ordered to be paid this month. The receipts were as follows:

Licenses collected by the town marshal $480; milk tax $21,60; water rent from the town marshal $855.30; water rent from the city engineer $6.20; from the recorder's court, $20.00; dance fees $5.00; personal taxes $69.75 and refund from an oil company on barrels $3.65.

At the beginning of September the city's finances should show still better for at the meeting this week council approved claims to a total of less than a thousand dollars, showing that the expenses of the city were curbed last month.

NEWARK CHILD DIES FROM HEART ATTACK MONDAY

Chiyoko Matsumoto, of Newark, passed away Monday after an extended illness due to heart ailments. The child was ten years of age at the time death claimed her. Funeral services were conducted from St. Edward's Catholic church at Newark Tuesday afternoon at 2 o'clock, and cremation followed at the California Crematorium in Oakland.

Arrangements were made by the Catholic sisters at Newark and F. F. Botelho, of Centerville.

Takes New York Trip

M. E. Costa, of Newark, left for New York Saturday on the steamship California. His stay is to be prolonged, no definite date being set for his return. He is to travel by the way of Los Angeles, Panama Canal and New Orleans. Mr. Costa was accompanied to San Francisco by his daughter, Mrs. Elsie Madruga, of Centerville.

Mr. and Mrs. J. F. Silva and daughter, Jeanette, of Newark, are spending a week in San Francisco visiting friends and relatives.

Guinea Pig Racing Becomes Popular In Alameda County

Guinea pig racing has become one of the most popular sports in this section of southern Alameda county recently. Tom and Jerry, two very small steeds, conditioned by Miss Winnie Swanson and Miss Eleanor Crogan of Hayward, are literally champing at the bits in anticipation of the pig derby which will be run this fall at Hayward.

Tom and Jerry, their owners aver, are the fastest of their kind in the Hayward district or surrounding territory. They have persistantly defeated all comers who showed any predilection for the porcine championship title of southern Alameda county.

Guinea pig racing is not as prosaic a sport as it may appear to be, according to the girls. Additional to their speed they have temperaments and spectators often are entertained by their free-for-all fights on the race course.

Following the Hayward Derby, which is attracting much attention among guinea pig raisers of this district, an inter-community contest is proposed. In this San Leandro, Niles, Livermore, Pleasanton, Decoto, Irvington and Centerville will participate.

Irvington Register

Mr. and Mrs. O. N. Hirsch and son, Allan, left last week on a motor trip through Canada. They expected to be gone about one month, and will visit many points of interest on the way.

* * *

Miss E. Roberts, of Irvington, a member of the Washington Union High school faculty, is expected home soon from Boston, where she has been spending a part of her summer vacation. For a time she visited at the home of her mother in Indiana. On the way east she traveled, via Seattle, but will return by way of New Orleans.

* * *

Eades Carroll is spending a week's vacation at Lake Tahoe.

Miss Dee Nunes returned Sunday from a vacation spent at Santa Cruz with friends. Miss Nunes is employed at the Niles water office.

If it is Printing we can do it and do it right

MOTORIST SLOGAN CONTEST AWARD MADE

In a recent slogan contest held by the Safety Conference the following one was chosen by the Peninsula Safety Slogan division as being the best.

"Keep your mind and vision keen,
Know the rules and your machine!"

This was in conjunction with a campaign against reckless driving and all other forms of discourtesy on the public highways today. Scores of deaths and injuries can be avoided if drivers exercise even a small amount of care. Precautions of every kind are taken by authorities in an attempt to abolish death dealing practices, and among the worst carelessness, disregard of signs, signals, and rules figure importantly.

Recently in and around Niles all white lines before railroad approaches were repainted and brightened. Electric signalling devices have also received attention. In Italy a common sign before all railroad crossings is a skull and crossbones, which is painted right on the highway or street, and is considered to be one of the most effective means for restraining irresponsible motorists.

FORMER NEVADANS TO HOLD REUNION SUNDAY, AUG. 24th

Plans for the annual reunion of former Nevadans now residing in California, to be held in Mosswood Park, Oakland, on Sunday, August 24, have been completed, according to an announcement by Philip J. McGrath, secretary of the reunion committee.

More than 4000 invitations have been issued by the committee, McGrath stated, and it is expected that this years gathering will be greater than ever before. Word has been received that a large delegation from the Sagebrush State will attend the festivities.

A program of entertainment has been arranged in connection with the annual "get-together" of Nevadans which has for its purpose the revival of old friendships and associations. C. W. Pangburn is chairman and Frank S. Starret is recording secretary of the committee on arrangements.

THE GREAT GARBO COMES TO NILES IN SCREEN DRAMA

Tonight Fred Scott and Helen Twelvetrees will be seen on the Niles theater screen in "The Grand Parade," and all-talking vehicle. Saturday a double feature will be presented starring Jack Holt and Dorothy Revier in "Vengeance" and Tom Tyler in "The Law of the Plains." Both pictures are all-talking and offer much in the way of popular amusement.

Sunday and Monday Greta Garbo is starred in "Romance," an all-talking picture that offer fans the pleasure of seeing her superb acting and hearing her melodious voice, which for so long was kept from the public by the silent pictures.

Norman H. Parks, in speaking of the great Garbo personally endorses her present starring vehicle, "Romance." He saw the picture in San Francisco a few weeks ago, and according to his estimation, there is seldom an opportunity to see such marvelous acting. Greta Garbo, Mr. Parks says, is unquestionably the most dramatic actress on the stage today. In "Romance" she perhaps out-distances anything she has done previously.

Next week Niles movie fans will be treated to the all-talking pictures "Clancy in WWall Street," and Hoot Gibson in a rollicking western epic film called "Roaring Ranch."

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

Quicker, clearer than ever

TELEPHONE users tell us they are impressed by the improvements that have been made in the promptness and clearness of inter-city telephoning.

Connections have been so speeded up. Today the calling person remains at the telephone in 97 percent of the cases. Time required to make an inter-city connection has been cut in half.

PLEASANTON BALL TEAM LOSES BY 4 TO 1 SCORE

Correy Garage Nine Wins After Hard Fought Contest Sunday

Pleasanton Y. M. I. Juniors dropped a hard fought battle Sunday afternoon at the Pleasanton grammar school grounds to the Correy Garage nine, of Oakland, by the score of 4 to 1.

The boys were outhit by one bingle only, but were unable to make them count except in the eighth frame when they scored their lone tally. Trimingham scored for the locals. He also was the leading batsman of the game, marking up three safties.

The visitors scored in the first, fifth, sixth and seventh innings. They made nine hits to the locals' eight. Pleasanton made one error and the Corry Garages none.

The lineups:

Pleasanton		Correys
Bottini	2b	Chambers
Pous	c	Prolo
Vlada	cf	Daity
Donahue	3b	Balwderin
Dutra	ss	Corte
Miller	rf	Snyder
Silva	lf	Klett

MAN WOULD EARN $20,000 TAXES FOR COUNTY

Claiming that he could show the supervisors of Almeda county how to collect an additional $20,000 per year in taxes which have been neglected during the past seven years, C. S. MacMullen, of Oakland, asks twenty percent of the sum collected during the first year, in a communication recently sent to the board of supervisors.

MacMullen's proposition has been referred to Assistant District Attorney Frank J. Ogden for consideration and to make a report whether or not such an agreement could be entered into by the county.

MacMullen refused to divulge the details of the plan, other than to say that it deals with certain tide lands and waterfront properties which have been neglected by county officials.

NOTICE OF SHERIFF'S SALE OF REAL PROPERTY ON EXECUTION

No. 113588

E. DI GUILIO, Plaintiff,
vs.
JUSTINO MARIA and FRANK MARIA, Defendants.

By virtue of a Writ of Execution, issued out of the Superior Court of the State of California, in and for the County of Alameda, wherein E. DI GUILIO is Plaintiff, and JUSTINO MARIA and FRANK MARIA are Defendants, upon a judgment rendered by the said Court on the 5th day of May, A. D. 1930, for the sum of $484.97 in lawful money of the United States, besides interest and costs, I have heretofore levied upon all the right, title, claim and interest of FRANK MARIA, one of the therein named Defendants of, in and to the following described Real Property, to-wit:

All that lot of land situated in the Township of Washington, County of Alameda, State of California, and described as follows:

COMMENCING at an iron pin at the Northwest corner of that certain 4.21 acre piece or parcel of land heretofore conveyed by William H. Ford et al to Emily P. Mayhew, wife of H. A. Mayhew, by Deed dated June 26, 1895, and recorded in Liber 580 of Deeds at page 210 thereof, Records of Alameda County, California, and running thence South 88 degrees 13 minutes 15 seconds East along the Northerly line of said above mentioned parcel (the bearing of said Northerly line being taken as South 88 degrees 13 minutes 15 seconds East for the purpose of making this description), 42.42 feet to a point; thence leaving said Northerly line South 5 degrees 40 minutes West, 200.65 feet; thence Northwesterly on the arc of a curve to the right, the radius of which curve is 19504.28 feet and the chord of which arc bears North 82 degrees 28 minutes 44 seconds West, a distance on said arc of 42.36 feet to a point on the Easterly line of Lot 1, as said Lot 1 is delineated and so designated on that certain Map entitled, "Ford Tract Niles, Alameda County, California," etc., filed April 21, 1900, in the office of the Recorder of Alameda County, California; thence along the Easterly line of said Lot 1, being the Westerly line of said lands conveyed by Ford to Mayhew, North 5 degrees 40 minutes East 196.40 feet to the point of commencement.

TOGETHER with a right of way for road and other lawful purposes for the benefit of the piece or parcel of land hereinabove described over a strip of land described as follows:

COMMENCING at a point on the Northerly line of that certain 4.21 acre piece or parcel of land heretofore conveyed by William H. Ford et al. to Emily P. Mayhew by deed dated June 26, 1895, and recorded in Liber 580 of Deeds at page 210 thereof, Records of Alameda County, California, distant thereon South 88 degrees 13 minutes 15 seconds East 392.42 feet from an iron pin at the Northwesterly corner thereof (the bearing of said Northerly line being taken as South 88 degrees 13 minutes 15 seconds East for the purpose of making this description), and running thence along said Northerly line, South 88 degrees 13 minutes 15 seconds East 20.05 feet; thence leaving said Northerly line, South 5 degrees 40 minutes West, 217.40 feet; thence Northeasterly on the arc of a curve to the left, the radius of which curve is 1982.26 feet and the chord of which arc bears North 83 degrees 10 minutes 11 seconds East, a distance on said arc of 430.07 feet; thence South 5 degrees 40 minutes West 21.08 feet to a point on the Northerly line of the right of way and reservation of the Central Pacific Railroad, distant thereon Southwesterly 132.90 feet from the intersection thereof with the Northeasterly line of the aforesaid 4.21 acre tract; thence Southwesterly, Westerly and Northwesterly along said right of way and reservation, on the arc of a curve to the right the radius of which curve is 2002.26 feet and the chord of which arc bears South 87 degrees 09 minutes 19 seconds West, a distance on said arc of 699.46 feet; thence continuing along said right of way and reservation Northwesterly on the arc of a curve to the right, tangent to last said curve, the radius of which curve is 19524.28 feet, a distance on said arc of 142.36 feet to the Southeasterly corner of Lot 1, as said Lot 1 is delineated and so designated on that certain Map entitled, "Ford Tract Niles, Alameda County, California," etc. filed April 21, 1900, in the office of the Recorder of Alameda County, California; thence along the Easterly line of said Lot 1, being the Westerly line of said lands conveyed by Ford to Mayhew, North 5 degrees 40 minutes East 20.01 feet; thence leaving said Easterly line of Lot 1, Southeasterly on the arc of a curve to the left, the radius of which curve is 19504.28 feet and the chord of which arc bears South 82 degrees 37 minutes 36 seconds East, a distance on said arc of 142.92 feet; thence Southeasterly, Easterly, and Northeasterly on the arc of a curve to the left, tangent to last said curve, the radius of which curve is 1982.26 feet, a distance on said arc of 249.02 feet; thence North 5 degrees 40 minutes East 218.16 feet to the point of commencement.

PUBLIC NOTICE is hereby given that I will on Tuesday the second (2nd) day of September, A. D. 1930, at ten o'clock A. M., of said day, in front of the Broadway entrance of the Court House, of the County of Alameda, in the City of Oakland, County of Alameda, State of California, sell at PUBLIC AUCTION, for lawful money of the United States, all the right, title, claim and interest of said defendant of, in and to the above described real property, or so much thereof as may be necessary to raise sufficient money to satisfy said Judgment, with interest and costs, etc.; to the highest and best bidder.

Dated: Oakland, California, August 7, 1930.

M. B. DRIVER,
Sheriff Alameda County, California.
By LEON V. PALMER,
Deputy Sheriff.

THOS. J. POWER,
Attorney for Plaintiff,
Irvington, California.

Does "Everybody" Know Your Store?

FREDERICK W. BRIDGES, advertising manager of the Hamilton (Bermuda) Royal Gazette & Colonist Daily, says:

That ADVERTISING PAYS YOU, MR. SMALL-TOWN-MERCHANT, in as great proportion as the national advertiser, if conducted in a rational and business-like manner. It is a too-common attitude on the part of the small town storekeeper that everybody knows his store, is familiar with what he sells, and that his regular customers will buy from him regardless of what the other man is offering. There seems, therefore, to be no need to advertise.

There Is Nothing "Regular" About Public's Buying

That this idea is based on a shaky foundation is obvious to the person who stops to think, for it predicates "regular customers," and experience in all towns, large and small, has proved over and over again that there is nothing regular about the buying public. All human beings are creatures of impulse to a greater or lesser degree, and any one thing, it may be better service, or even the fact that a competitor knows the value of a smile at the time, may change YOUR regular into HIS; in short, there is but a hair-line distinction between the status of "regular" and "casual" customer, and the conversion of the latter into the former depends almost entirely on the use of advertising.

What can you offer that is better than your competitor's? Is is Courtesy? Advertise it! Is it a lower price on a staple article, due to careful buying? Advertise it! Is it a feature line which you handle exclusively? Advertise it! Is your store handy to car-stops? Advertise it! Every day you have something which can beat, or is at least as good as the other fellow's, be it quality, price, service, courtesy, or what-have-you? Something has brought you your "regulars," but how many more can be brought in? Advertising will show you!

Your store is part of the community. How much of the community is part of your store? Unless there is a link between them your business may be average, but try the best link, advertising, and watch the results! Any special inducement you can offer is but the thin edge of the wedge, for every customer who comes in for your advertised line is a prospect for something you carry, and, once sold on your goods and your store will send his friends along.

BUT, IT ISN'T GOOD ENOUGH TO GET CUSTOMERS—YOU'VE GOT TO KEEP 'EM COMING, AND THE SUREST WAY IS TO ADVERTISE CONTINUOUSLY, and ADVERTISE INTELLIGENTLY.

Editorial Comment

NORMAN H. PARKS, Publisher Register

(Continued from Page One)

qualifying candidates in the general election.

We know Driver has courage. No man could wear a mustache like his in this day and age who lacked courage. Courage is a prerequisite to the sheriff's office. Therefore, Driver is the man for that office.

A man without hair on his lip is fit only for the nursery. By all means let us lift the sheriff's office out of the nursery class. Besides, the would be sheriff has an honest face—a face out of the past. We need that kind of a face in Alameda county politics. Its like has been absent for a long time in the vicinity of Fifth and Broadway.

Driver was born an honest man, and hasn't changed. He don't change. Dynasties may rise and fall, but Driver and his mustache go on forever.

All the *hot* water you want
—no waiting, no bother!

This instant hot water service saves 4 to 6 hours of your time each week

School bells end vacation days. Then comes additional cares for mothers — little faces to wash and clean clothes to put on. Perhaps a parting smudge by a four-legged friend adds another care.

No wonder that mothers today want their homes to have the many conveniences — like INSTANT HOT WATER, to wash away the trouble.

An abundant supply of hot water, instantly, saves your time and energy—by quickly dissolving dirt and grease, by making it easy to keep things sweet and fragrant.

No Need of Watching the Automatic Gas Water Heater

With the Automatic Gas Water Heater, a thermostat turns the gas on and off. It maintains the water temperature at 140 degrees day and night. At any moment one can have deep hot water for bathing, a basinful for shaving. No gas is wasted keeping the water hot, the water stays hot because the boiler is insulated.

This instant hot water service costs less than one-fifth of a cent per gallon—the lowest cost of any method of heating water in the home.

Special Summer Sale

Believe it or not—the P. G. and E. will completely install an Automatic Gas Water Heater for you as follows:

$5 to $10 allowance for your old water heater (tank heater, combination boiler, or water back).

$5 down

Balance as low as $9 a month for 12 months. Set of Cannon Bath Towels included with new Automatic.

Come into our office or a dealer's store and see the modern heaters. Or just telephone and our representative will call, inspect your present water heating equipment, and make you an offer.

Odd Fellows Present Third Degree at Pleasanton

Members of the Pleasanton I. O. O. F. exemplified the third degree upon three candidates at the regular weekly meeting of the lodge Wednesday night. The degree work was enacted by the local lodge's degree team.

The candidates receiving the third degree were Francis Lew, W. Dolstra and Lloyd H. Rhodes.

After the meeting the members and candidates were served light refreshments in the banquet room.

INJURES HAND

As a result of getting caught in a concrete mixer last Wednesday, Councilman Peter C. Madsen, plasterer and concrete contractor, of Pleasanton, sustained severe lacerations of the left hand. The wound, while not dangerous has been very painful.

LESLIES MEET DISASTER IN SUNDAY TILT

Beaten By Visitors On Home Field At Alvarado

CONTESTED TO END

Score Tied In Sixth Inning By Abrew's Home-Run Hit

Leslie Salts played against the S. P. Stores Sunday at Alvarado and were beaten by the visitors by a score of 43-39. Abrew, on the visiting team, made a homerun which was one bright spot on an otherwise cloudy baseball horizon. Salts were ahead until the sixth inning when Abrew made the homerun, scoring two runs and tieing the count.

Fernandez and Panella made three-base hits; Ferriera, Clifford, Rose, Searles, Jacinto and Solto made two-base hits and errors were made by Correia, Dutra, Rose, Perry, Ferreira and Clifford. Two players were struck out by Degermark, three; by Allende, and one by Schmidt.

Following is the line-up of players:

Leslie Salts

	A.B.	R.	H.
Ferry, C.F.	4	0	0
Correia, S.S.	5	0	2

MORE ON Pan American Trade

(Continued from Page One)

topic vital to the issues at hand without thought of diplomatic expediency.

Scope

Scope of the conference includes invitations to all delegates from representative farm, civic, and business organizations in North, Central, and South America. Governments of the twenty republics as well as Canada and Porto Rico have been invited and many have sent their acceptance.

Governor C. C. Young welcomed the conference and cordially invited the delegates to enjoy California's hospitality during their visit to the state.

Officials

Simon J. Lubin, president of the Sacramento Region Citizens Council, is chairman of the directing board of the conference, and the Hon. B. B. Meek, director of the California Department of Public Works, is vice chairman. Among the delegates will be Francisco Gayzueta, Dr. Amando Torillo, Manuel Escobar Vega, of the newspaper, "El Imparcial," and Edgar Jeannau, who is interested in air transportation.

This state tour which has been arranged is for the benefit of accredited delegates from foreign countries, who will be shown manufacturing plants, agricultural enterprises, and business developments. They will travel in a caravan and visit appointed places of interest en route.

Rattling noises in your car are frequently traced to a pinion shimmying of the front wheels. When there is a slight shimmy present, vibrations are set up which in turn cause disagreeable rattles and squeaks.
